I don't think he even showers.

He smells gross.

Why's his desk the only one that's never clean?

Cuz that desk was always meant-to-be for that loner.

Really? I'm jealous. He got a desk that's only meant for him!

Hey, have you heard the rumor? I heard he's been to the mental hospital.

What? For real? How do you know? Well if that's true... that would be scary. What if he just snaps and goes all crazy out of nowhere?

It's true. His friend from elementary school told me.

Seriously?? Wow... no wonder he's such a loner. Why do we have to be in the same class with him?

hahaha well, it makes total sense. He looks like a fucking retard after all.

Actually, I wanna see him go fucking crazy. It'll be hilarious.
